

EXTENSION OF CITY LIMITS RECOMMENDED

Councilmen Put Teeth In City Liquor Ordinance

LIMIT FOR FIRST OFFENSE RAISED TO A \$1,000 FINE

Fix Minimum Fine At \$100, Second Offense Maximum Is \$2,000.

MAYOR ADVOCATED DRASTIC MEASURE

New Ordinance Passed Last Night Becomes Effective February 14.

City council Tuesday night repeated the old liquor ordinance and passed a new ordinance that gives the mayor power to fine a person on a first offense not less than \$100 nor more than \$1,000, and for the second or subsequent offense a fine of not less than \$200 nor more than \$2,000.

This drastic ordinance, advocated by Mayor J. B. Schaeffer since he has been in office, will help bring into the depleted city treasury much more in fines, it is anticipated, or will break up the bootlegging trade in Salem.

It was explained by some of the councilmen that when the old ordinance was passed the state restricted liquor fines under city ordinance to \$500, but now the law is changed so the new ordinance is legal.

The ordinance reads that: "Whoever unlawfully manufactures, sells, barter, transports, imports, exports, delivers, furnishes, receives, gives away, prescribes, possesses, solicits, or advertises any intoxicating liquor, or knowingly permits his employees to solicit or receive from any person, any order for intoxicating liquors may be obtained in the city of Salem, shall on conviction thereof be fined not less than \$100 nor more than \$1,000 for the first offense, and for a second or subsequent offense shall be fined not less than \$200 nor more than \$2,000, together with the costs of prosecution."

In 30 days all offenders who are brought before Mayor Schaeffer on liquor law violations, and are convicted, will be the first to pay the higher fine. The ordinance goes into effect Feb. 14.

The passing of the new law puts the city on an equal footing with the state, and also with nearby towns. It will mean that prohibition officers will receive just as much in percentage from Salem as from other cities.

SIMPLE, INEXPENSIVE BURIAL HIS REQUEST

Message To Fellow Citizens Written By Charles Bonsall In Hope That Precedent He Sets May Be Adopted.

In a message to his fellow citizens, Farmer and Deener Rummel, shall Charles Bonsall, Justice of the Peace, survive me they may give the box a coat of blood and draw thereon a little likeness of the three links and of the Grand Army button. The Red will symbolize the Divine message, the white the link, "Friendship, Love and Truth," and the button, "Fraternity, Charity and Loyalty."

His plan, outlined below, he says, "would save millions of needless expenses to the mass of the human family." Here is his message: To My Family and Fellow Citizens: Realizing the uncertainties of life on the physical plane and entertaining candid opinions relative to existing customs at funerals and the pseudo science of "emetics," I have decided to make public a few requests and suggestions before taking final leave of my family and friends to join the hosts on the "Other Shore."

My primary object is to help accomplish something that will be of lasting benefit to the common people.

First—Upon the occasion of my funeral, my lifeless body is to be placed in a wooden, inexpensive coffin with a plain cover. If my old comrades Tom

Second—Probably very few of my old G. A. R. comrades will survive me; not enough to give the usual service, and (Continued on page 8)

PEACE PETITION SIGNATURES TO BE SOUGHT HERE

Peace petitions will be circulated among the Salem churches by the W. C. T. U. These are to be acted upon as a whole and later sent to congress.

This information was given out Tuesday afternoon at the home of Mrs. Myrtle Booth, Chestnut st.

The program, in charge of Miss Laura Schilling, was on "Peace" and Mrs. J. R. Stratton read the Bok Prize Peace essay. Miss Schilling read a letter from Mrs. Sarah Meredith, state superintendent of peace. A meeting in two weeks will be with Mrs. W. A. Leatherberry, East High st.

LECURG MUST PAY \$300 BY TONIGHT

Mayor Fines Proprietor Of Lunch Room For Possessing Liquor.

George Leurg, Greek proprietor of the Dixie lunch room, 10 Depot st., arrested Jan. 9 by State Prohibition Officer Earl Ritchie and Deputies J. A. Harry and William Watkins, was found guilty on Wednesday of possessing liquor and fined \$300 and costs Wednesday afternoon on the charge of possession of intoxicating liquor.

The two deputies raided the lunch room the afternoon that Officer Ritchie was injured in another raid. A bottle of "evil smelling white liquid" was found according to Watkins evidence.

The trial was held Monday but Mayor Schaeffer deferred sentence until Wednesday when he announced that he had found Leurg guilty on the evidence heard and assessed him the \$300 fine, and \$8.75 costs. The fine was to be paid by Wednesday night.

ROBBERS GET \$40 AT BARBER SHOP

Grisez Shop Entered Last Night And Cash Drawer Is Rifled.

Chief of Police Thompson was notified early Wednesday that the barber shop of Louis Grisez 35 Main st. was robbed of \$40 Tuesday night.

One of the barbers opened the shop and found the cash drawer had been rifled during the night. The entrance had probably been made through a back door as no glass in either the front or back door was broken.

The chief was working on the case Wednesday. It is thought that someone familiar with Grisez's methods pulled the job.

Threshermen To Aid Move To Bar Heavy Vehicles From Roads

Columbus, Jan. 16.—Move to bar heavy farm vehicles from the improved highways of the state by a legislative act will be encouraged, it was announced by speakers at today's session of the 14th annual meeting of the Ohio Brotherhood of Threshermen here.

More than 1,000 delegates from various parts of Ohio are attending. An attack on high taxes as a burden to the farmer was launched by A. E. Fisher, Orient, president of the threshermen body.

COMMUNITY WORK IS REVIEWED IN ANNUAL REPORTS

Salem Community Service Association Holds Annual Meeting.

TRUSTEES CHOSEN FOR COMING YEAR

Report Memorial Building Will Be Completed In About 90 Days.

A review of some of the things accomplished in recreational work in Salem in the last year, carried on under the direction of the Salem Community Service Association, through its workers, Ray F. Carter, executive secretary, and Miss Mary Holderman, recreational director, was given in splendid reports read at the annual meeting of the association Tuesday evening at the Chamber of Commerce rooms.

Owing to illness Miss Holderman was unable to be at the meeting and Mr. Carter read her report.

In the absence of President Fredrick P. Mullins, F. J. Emery presided. Forty-six trustees were chosen, practically all of them re-elected and from these an executive committee, composed of 11 people, was selected. This committee will meet and elect its own officers. The trustees are:

YOUTH INJURED BY AUTO ASKS \$5000

Frederick Drotleff Brings Action For Damages Against Reed.

Frederick Drotleff of Winona, through his next friend, his mother, Mrs. Catherine Drotleff, has filed an action in common pleas court against Ralph Reed of Salem, claiming \$5,000 damages.

The boy was riding on his father's wagon June 28 last on the Newgard-Winona rd. and jumped off. As he started to cross the road, the petition alleges that Reed came driving along the road at an estimated speed of 40 miles an hour, and he was run down, sustaining a broken leg and ankle. The leg has been healed, but the ankle is still stiff.

FAR BELOW ZERO REPORTED; COLD WAVE SPREADING

Washington, Jan. 16.—A cold wave of marked severity has overspread the upper Mississippi valley and the northern plains states and cold weather continues over the Western Canadian provinces, the U. S. weather bureau announced today.

Temperatures of far below zero reported this morning in Northern Wisconsin, the Dakotas and Eastern Montana, while a marked rise has been noticeable east of the Mississippi.

A cold wave warning has been issued to the Great Lakes region and middle states. Storm warnings were displayed all along the Atlantic coast.

FRUIT GROWERS MEET SATURDAY

J. S. Houser of the Extension Service section of the Ohio State university, will address the members of the Columbiana County Horticultural society, at a meeting to be held in the offices of the Farm Bureau, Lisbon at 1:30 p. m. Saturday.

A discussion on spray materials will follow. Annual dues are now payable and as those are but 50 cents per annum, it is proposed to enroll every horticulturalist in the county as a member.

W. H. Matthews of Salem is president of the society and L. J. Kirk of Columbiana, is secretary-treasurer.

Rogers Will File Petition In Error

Judge James Moore of common pleas court Wednesday morning granted John Rogers, Salem, fined \$1,000 in the court of Mayor Ferren, East Palestine, for alleged violation of the liquor law, leave to file a petition in error.

Time of trial has not been set.

MAYOR FINES FOUR FOR GAMBLING AS LOSER GIVES 'TIP

Police Also Arrest Man On Liquor Charge; Mayor Fines Him \$250.

Three more gamblers and a man charged with keeping a gambling house were gathered in by the police dragnet Tuesday night when police acted under orders from Chief T. W. Thompson after a complaint had been brought in by one of the gamblers that he had lost money in the place.

The men arrested faced these charges: Jabez Kopp, Salem; House keeping a gambling house; J. H. McNeal, Ralph Trotter and Hugh McAllen, gamblers.

McNeal acted as the tipoff man when he came to Chief Thompson Tuesday and complained that he had lost \$29.50 in a "shark" game at the Salem House is a room occupied by Kopp. When questioned McNeal said the game that he participated in was last Saturday night.

The chief immediately ordered Patrolman Gray and Kirkbride and Freeman Yarwood to arrest the men that McNeal named. Tuesday night all were apprehended.

Before Mayor J. B. Schaeffer all the men plead guilty including McNeal who was not given immunity. The three charged with gambling were fined \$10 and \$5.30 costs each, and Kopp was given a fine of \$50 and \$5.30 costs. Kopp was unable to pay and was given until Wednesday evening to pay or go to jail.

Inner Case Heard
Last Friday city police under Chief Thompson raided the home of Mike Koski, 114 Liberty st., and seized evidence from four barrels of wine, two barrels of hard cider and a number of bottles of other hooch but kept the raid quite so that Koski who was away at the time, could be arrested as soon as he returned.

Tuesday word came to the police that Koski had returned and he was arrested Tuesday night by Officers Kirkbride and Willard.

Arraigned before Mayor Schaeffer Wednesday morning the Pole admitted his guilt and was fined \$250, \$3.70 costs, and \$2 for analysis of the liquor. Being unable to pay he was remanded to jail by the mayor.

The mayor stated that Koski's home had been under surveillance for some time, and that officers had seen him drinking there. Koski said that he "was too liberal," and believed that some of his friends had "gone back on him."

Busy, Only Comment Of New Directors

At work. That is all the new safety and service directors cared to say Wednesday morning when they assumed their tasks.

Safety Director C. W. Zimmerman will not issue orders to his police and firemen for several days. Service Director F. A. Rinehart was on the job at his desk in the waterworks office in the city hall Wednesday morning learning some of his duties and had no statement to make.

Chicago, an. 16.—Five men have been arrested and a series of country-wide secret indictments have been returned, federal authorities announced today in the solution of Chicago's great mail looting mystery, the \$1,500,000 Union depot robbery in March, 1921.

Postoffice Inspector Robert Munnelle and two picked deputies brought in the first of the prisoners, Isadore Goldberg and Louis Kreitzer, brothers-in-law, both jewelry brokers.

STREETS NAMED IN REQUEST TO ADD TERRITORY

Benefits And Objections Given In Letters From Citizens; Extension Of High St. To Jennings Ave. Also Urged.

Extension of the city limits as outlined on a map prepared by City Engineer B. M. French, which would add approximately 25 per cent and possibly 33 per cent more land to the city, is one of several recommendations that the Chamber of Commerce municipal committee prepared at a meeting Tuesday afternoon and which will be presented to city council.

The committee also recommended to council that it "ask the engineer to prepare an estimate of the value of the land as it is now assessed by township taxes." This would be used as a comparative figure with the city tax levy, to determine the increase that the city would receive by extension of the city limits.

The third recommendation made by the committee to council was that "council seriously consider the petition of High st. residents asking for improving of their street," and suggested that "High st. be continued its full width from Ellsworth to Jennings ave."

E. M. Peters, chairman, called the chamber's municipal committee together for the purpose of discussing letters received from prominent citizens in answer to a letter that the chamber sent out relative to the extension, and for determining what action the committee would take in regard to the matter.

Extension on Five Streets
The committee, acting for the chamber, went on record as being unanimously in favor of the extension as outlined on the map of the city engineer.

Only on paved roads are the extensions planned. The map shows sections adjacent to the city on Ellsworth ave, Lincoln ave, McKinley ave, Roosevelt ave, and Newgard st.

This area totals about 25 per cent more land than is already in the city, the committee explained. All the new

McKinley Heights allotment east of the city, a number of improved plots north of Salem and several areas west, southwest and southeast of the city are included in the extension as recommended by the committee.

Some time ago the Chamber of Commerce sent out letters of inquiry to a number of prominent citizens, asking their views on the matter. Some of the answers gave the individual's objections, while others were firmly in favor of the matter, or at least gave more reasons for, than against.

Wants Township Absorbed
Phil Chancellor believes that "There are a few sections, such as the McKinley Heights addition, that might build up more rapidly if they were taken into the city." He adds, in regard to schools:

"I have for a number of years been of the opinion that Perry township should be absorbed by the city of Salem for school purposes. I believe it would be of advantage to the township in that it would give it the benefits of graded schools, and of advantage to the city in the added revenue from taxes."

Mr. Chancellor is strongly in favor of consolidating township and city governments saying that "to extend the city limits to take in the entire township would eliminate the township officers and ring the administration under one head such a course would be worth careful consideration."

As an answer to the suggestion that the whole township be included in the extension the committee members made it plain that only parts of the township are desired at present and those sections are just adjacent to the city.

B. L. Flick maintains that "if the corporate limits are extended it will mean that immediately thereafter he demands for improvements including (Continued on eighth page.)

Att'y Campbell Explains Why Every One Should Make Will

Explains Laws And Tells Rotarians It's Informal Proceeding.

"It makes no difference how little you have, there is no reason why you should not make a will," Att'y E. W. Campbell told Rotary club members at their meeting Tuesday afternoon.

"Complications which necessarily involve litigation may very often be avoided by making a will and this is especially true where there are minor children. Another reason for making a will is that a fairer distribution may be effected in this way rather than by law."

"The law of Ohio where there are no children gives to the widow the right to live in a mans on house and a year's allowance; and to the widow or widower, from the personal estate one-half of the first \$400 and one-third of the remainder, and only a life use of one-third of the real estate."

"In Ohio property of an unmarried person passes to the parents for life before it goes to his brothers and sisters. Because he is young and unmarried is no reason why he should not give consideration to the distribution of his property by will."

Easy to Make a Will
"The chief reason for making a will is that one may thereby nominate an individual or a trust company to administer his estate. If the deceased leaves several children the law does not designate which one shall administer the estate as to right. So minister his bitter controversies in a probate court have arisen over the question as to which child shall administer the estate where there is no will."

"The testator in his will may also nominate a testamentary trustee or guardian to take charge of the property left to minors or others to whom he does not wish to leave his property direct."

"Many charities and public institutions suffer because some of their supporters neglect to make wills, or to make them soon enough. In this connection it must be remembered as an added reason for promptness that an attempted gift by a will for charitable purposes in Ohio fails unless the will is executed at least one year prior to the death of the testator."

"The making and execution of a will in a very informal proceeding. The only formality required is that it be signed at the end by the person making it or by some person under his direction, and that it be witnessed by at least two people who saw him. No witness can take benefit under the will."

The birth of the first child not mentioned in a will revokes the will.

DISTRICT SCOUT COUNCIL PLANNED

Organization Here To Be Perfected At Meeting Thursday Night.

Organization of the Salem District Council of the Northern Columbiana County Council, Boy Scouts of America, will take place following a citizens luncheon at the Elks club Thursday evening.

Of the five districts under council two have recently completed their organizations, Lisbon being the first and Columbiana second.

While the county council plans and supervises all the scouting activities of the troops under its jurisdiction, the district councils are necessary in maintaining closer contact with and direction of the program in each district.

One of the most important functions of the district council is the selection of suitable men as scoutmasters and assistant scoutmasters and the maintenance of standards in the troops.

Dole Given Chance To Avoid Workhouse

Providing Lorenzo Dole of Salem, will pay his wife \$15 per week for the support of their four children, and put up \$300 bond that he will make his word good, then Dole will not have to spend a year in the Canton workhouse, following a charge of non-support filed in probate court by his wife.

Dole was given a hearing Tuesday. The same court sent Dole to the "work" for a six months term previously.

Dames Of Malta At Palestine Meeting

The first and second degrees were conferred on nine candidates, seven of them from Salem. A meeting of the local sisterhood will be held in two weeks.

TRAVELERS CLUB ELECTS OFFICERS

Mrs. R. E. Smucker Elected President At Annual Club Meeting.

In choosing officers to serve the next year, Travelers club members Tuesday afternoon selected Mrs. R. E. Smucker for president, Mrs. A. W. Schiller is vice president, and Miss Helen Greiner is secretary-treasurer.

Mrs. Richard Lamont, Jr., was the program leader. Four vocal solos were sung by Mrs. McClurg of Leontonia. The numbers she offered were, "The Rose of Picardy," "Kiss in the Dark," "A Birthday," and "Sunbeams."

Mrs. Anna Sapp, assistant to the leader, gave a most interesting paper on "Interesting Things to Remember About Our Late War With Germany." Mrs. Lamont's talk was on the "Bok Peace Plan."

The program closed with a vocal solo, "Song of Peace," by Miss Grace F. Orr, accompanied by Mrs. Sapp. This song was composed by Miss Eva B. Deming, former Salem woman.

A Projectile's Speed.

Experiments with improved instruments for measuring the velocity of projectiles have shown that the speed continues to increase after the missile has left the muzzle of the gun. Leaving the muzzle with a velocity of about 1,474 feet a second, a projectile has been observed to increase its speed to about 1,689 feet per second within the first six feet. It is only after having traveled about 25 yards that the projectile's velocity becomes reduced to the speed that it had on leaving the muzzle. This is ascribed to the impulse of the expanded gas being felt for some distance beyond the gun's mouth.

Home-made, but Has No Equal for Coughs

Makes a family supply of really dependable cough medicine. Easy to prepare, and saves about \$2.

If you have a severe cough or chest ailment accompanied with soreness, throat, hoarseness, or difficult breathing, or if your child wakes up during the night with cough and you want quick relief, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" in full directions and don't accept any other name. Guaranteed to give absolute relief, or money promptly refunded. Pinex Co., Ft. Wayne.

Australia's Great Bridge.

About six years' work will be required to complete a great bridge which has been planned for Australia across the Sydney harbor. The preliminary work has been commenced and it is proceeding with all the speed that can be put into such a great undertaking. It will be a high-level structure and will be one of the engineering marvels of the world. It will accommodate four lines of railroads and a 57-foot highway. It will cost \$80,000,000 and will displace a slow and uncertain ferry which is now used.

Thinking Of Peace

PART of the result sought by Edward Bok in his \$100,000 peace plan contest has been accomplished. It is plainly in evidence that the proposal has attracted wide public attention and turned the minds of many away from thoughts of war to thoughts of peace. That was the important thing he wanted to accomplish. He was not the advocate of a particular peace plan, but he was the advocate of world peace.

If the plan declared the best of all submitted is rejected in the referendum vote that is being taken, it is altogether probable another plan will be evolved from the discussions, but if no other plan is evolved, the Bok plan has accomplished one great result in turning, in a large way, the thought of the world to the subject of peace.

Even those vehement people who have against the plan that was submitted have done the Bok plan a service, because they have pointed out, as they see them, the provisions of the plan that do not make for peace. Obviously no plan for world peace would be acceptable to all lines of thought and to all groups of individuals in this and other countries.

Criticisms of the plan suggested are good and helpful, because they are criticisms of a peace plan and the basic thought, after all, is that of world peace. It will be no small contribution to the world if the Bok plan helps in a measure to crystallize public sentiment about the idea of peace and away from war.

Those who make the charge that the plan is the work of some group of international financiers cannot hope to have that outrageous charge accepted seriously by thinking people. Mr. Bok and the men interested in deciding the contest have not been keeping company with evil-minded groups in the past and the charge that they did so comes rather late when it is made. It does not square with the commonsense view of the situation. And those extremists are helping the Bok idea of thinking about world peace in what they do.

Furniture Bootleggers

IN the last year a number of people have been victimized by so-called furniture wholesalers who led the unsuspecting to believe that they can purchase furniture at a saving by patronizing them instead of legitimate furniture stores.

Many complaints have been received in various parts of the country that higher prices were paid to this class of "bootleggers" than to established merchants and that the merchandise was of a cheap quality and when the customer sought an adjustment the "bootlegger" had gone out of business or changed firm names so as to escape the responsibility. Even when the "bootlegger" was still in business he refused to make good on the grounds that he did not guarantee the merchandise.

All legitimate furniture stores are operated on the principle that the customer is always right and are willing at all times to meet any reasonable demand for adjustment or make repairs if some piece is damaged in delivery. But not so the "fake wholesaler." He does not expect to remain in business long so he is only after the immediate profit while the established merchant must make friends of his customers if he is to succeed.

Even though one could save 5 or 10 per cent by buying from "bootleggers," this saving would not compensate for the service the established merchant gives before, during and after a sale has been made. He stands back of his goods and guarantees satisfaction.

How He Knew.

Messrs. Wilkins and Walker were horse experts of a New England town, and frequently met to exchange ideas. On one occasion Mr. Walker complimented Mr. Wilkins in high terms with reference to the former's successful manipulation of a horse trade.

"Well," admitted Mr. Wilkins, "I must say I didn't do so badly, but, in this case, how can you say I got the better of the deal when you haven't seen the horse I got?"

"I saw the horse you had," was Mr. Walker's laconic response.

CANTON MURDER SUSPECT FREED BY COURT ORDER

Canton, Jan. 16.—Louis E. Griffith, prominent Canton manufacturer, was dismissed by Municipal Judge James A. Bowman Tuesday night, following a preliminary hearing on charges of first degree murder in connection with the death of Miss Ruth Hunter, 18 years old. Judge Bowman held that evidence submitted at Tuesday's hearing was insufficient to hold Griffith to the grand jury on the murder charge.

A demonstration by Griffith's friends followed the judge's decision. Mrs. Griffith ran to her husband's side, embraced him and then fell to the floor in a faint.

Griffith said he was too overcome to make a statement.

Griffith was arrested last Tuesday for the second time in connection with the girl's death and was questioned continuously for 39 hours. After being held 72 hours, a formal charge of first degree murder was filed against him by Chief of Police S. A. Lengel Friday. He pleaded not guilty when arraigned.

NEW LIGHT ON EARLY HERO

Letters Found in Washington Tell of Col. R. H. Harrison's Career and Its Climax.

William Tyler Page, clerk of the house of representatives, made a fortunate discovery in the musty record shelves of the house this summer. He brought to light in one dusty package seven letters in the hand of George Washington and letters as well from Thomas Jefferson, James Monroe, John Jay, the Marquis de Lafayette and Col. Robert Hanson Harrison, who was General Washington's secretary for six years of the Revolutionary war and concerning whom all of the letters were written.

Historians, especially those of Maryland, will set high store by Mr. Page's treasure trove, says the Detroit News, for one of the letters throws a new light on a hero of the Revolution and will require a correction to be made in every biographical cyclopedia that relates his career. It shows that career had a dramatic climax not hitherto suspected by the history writers.

It tells how Col. Robert Hanson Harrison, who had given the best years of his life to the young republic as a soldier, was prevailed upon, against his private desires and interests, to come to its aid again, this time as one of the first judges of the newly created Supreme court; and how he was unable to complete his journey to New York, then the capital, but was dragged down by illness on the way and obliged to return home, there to die.

His Handkerchief is Oval
Hindoo Prince Tampering Where More Famous Have Fixed the Laws of Style.

A Hindu prince has started the fashion of oval pocket handkerchiefs. But why should he want his handkerchief oval?

Another ruler, far more famous, invented the square handkerchief. When Louis XVI ascended the throne of France handkerchiefs were oblong. Before that they had been round, with a deep bordering of lace. It was only the high-born and the rich who owned handkerchiefs at all in those days, says London Tit-Bits.

When Louis XVI had reigned for about 12 years he considered that the time had come for another change of shape, and doubtless Marie Antoinette had something to do with the idea. It was decided that the reign of the square handkerchief should begin.

By letters patent, given at Versailles on September 23, 1784, it was decreed that the length and the breadth of the handkerchief should be equal. Three months later the French parliament gravely confirmed the absurd decision.

CREAM IN NOSTRILS SOON STOPS COLDS

Colds and catarrh yield like magic to soothing, healing antiseptic cream that penetrates through every air passage and relieves swollen, inflamed membranes of nose and throat. Your clogged nostrils open right up and you can breathe freely. Hawking and snuffling stop. Don't stay stuffed up and miserable.

Get a small bottle of Ely's Cream Pain from your druggist. Apply a little in the nostrils and get instant relief. Millions endorse this remedy known for more than fifty years.

OUCH! RUB BACKACHE, STIFFNESS, LUMBAGO

Back hurts you? Can't straighten up without sudden pain, sharp aches and twinges? Now listen! That's lumbago, sciatica, or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating St. Jacobs Oil. Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Lumber up! Don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil from any drug store and after using it just once you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt, or cause any more misery. It never disappoints and has been recommended for 60 years.

HATTONCHATEL IS RESTORED

Village Familiar to Yanks in War Rebuilt Through Efforts of American Woman.

Frenchmen and Americans met a few days ago at Hattonchattel, just north of St. Mihiel, France, to celebrate the completion of the rebuilding of the village. Hattonchattel is the village where the two forces of American troops met when, after working from the east and the west, they had driven the German forces from the St. Mihiel salient in September, 1918.

Hattonchattel is directly on the line in the Toul sector which American troops occupied until the end of the war after the salient had been taken. The village was under constant shell-fire, because it was located on a promontory which was used by the French and the Americans as an observation post. An American woman had spent her summers in Hattonchattel for some years before the war began. The village was endeared to her, and she gave a large sum of money to help in its restoration. It is a place endeared to American soldiers because of its associations. It stands today as it stood before the vandal cannon had leveled it with the earth. Its restoration was worth celebrating.—Rocky Mountain News.

Ohio Fair Boys Head In Governorship Race

Columbus, Jan. 16.—Myers Cooper, Cincinnati president of the Ohio Fair Boys in session here, may become a candidate for the Republican gubernatorial nomination. It was announced. He expects to bid for the Hamilton county endorsement.

President Cooper asserted his organization approved the concessionaire law, passed by the last legislature which forbids gambling games at county fairs.

Juice Of Lemon Whitens The Skin

The only harmless way to bleach the skin white is to mix the juice of two lemons with three ounces of Orchard White, which any druggist will supply for a few cents. Shake well in a bottle and you have a who's quarter-pint of the most wonderful skin whitener, softener and beautifier.

Massage this sweetly fragrant lemon bleach into the face, neck, arms and hands. It cannot irritate. Famous stage beauties use it to bring that clear, youthful skin and rosy-white complexion; also to soothe red, rough or chapped hands and face. You must mix this remarkable bleach yourself. It can not be bought ready to use because it acts best immediately after it is prepared.

Still in School.

May June met her friend Agnes in the street. They stood talking for a while, when a friend of theirs, Doris by name, passed them on the other side of the street. In animated conversation with her was Colonel Mitkin. "Were not Doris and the colonel schoolmates?" asked May, as she caught sight of the pair.

"Yes," answered her friend, "and they are yet."

"Where?" asked May in surprise. "Oh, don't you know?" said Agnes. "In the school for scandal."

MONKEY KISSED ITS MOTHER

Writer Tells of Human-Like Scene of Simian Affection in Burma Forest.

In Burma we had a monkey tribe that were called locally human; gray-black-faced tree dwellers, says W. A. Fraser in the Saturday Evening Post. The males, as they looked down at one, the black face surrounded by white whiskers, always wore a puzzled, plaintive look.

They were lengthy of limb, long of tail and light-bodied, built expressly for their mode of travel, which consisted in facing to the top of a tree and shooting out in a flying leap downward to the limb of another—the tail, as if it did the trick automatically, twisting about the limb with a grip quite strong enough to suspend the monkey's body.

In these flying leaps and in the race up the tree, the monkey babe always lay flat, slung under the mother, its paws grasping the mother's fur.

Once, standing quietly on a jungle path, I saw a female of this tribe sitting on a limb with her back toward me. Behind her on the limb a baby monkey about a quarter grown was skylarking, pinching his mother and trying to tie a knot in her tail. Suddenly I saw him stand up, put his front paws under the mother's chin, pull her head over backward and kiss her. The mother, her heart full of affection, I fancy, was delighted, for her head went over willingly and she rubbed the baby's cheek with her own.

TRAGEDY OF AGED BUFFALO

Abandoned, Clings to Water Hole in Pitiable Solitude Until He Perishes.

"The buffalo bull that has outlived his usefulness is one of the most pitiable objects in the whole range of natural history," says Col. Henry Inman in his "The Old Santa Fe Trail," published in 1897, according to the Detroit News. "Abandoned to his fate, he may be discovered, in his dreary isolation, near some stream or lake, where it does not tax him too severely to find good grass. In this new stage of his existence he seems to have completely lost his courage. Frightened at the rustling of a leaf, he is the very incarnation of nervousness and suspicion. Solitude, foreign to his whole nature, has changed him into a new creature."

"Nobody ever saw one of these miserable or forlorn creatures dying a natural death or ever heard of such an occurrence. The cowardly coyote and the gray wolf had already marked him for their own; and they rarely missed their calculations."

How to Make a Hectograph.

A hectograph is a pad composed of gelatin and glycerin used for making many impressions of writing and drawing. This pad is made in the proportions of one ounce of gelatin to six and one-half ounces of glycerin. These two ingredients should be allowed to mix by slowly heating for several hours over a vessel filled with hot salt water. When thoroughly melted the mixture is poured into a long, shallow pan and allowed to harden, when it will present a smooth even surface. A special copying ink is needed, which can be purchased at a stationery store. The matter to be copied is written and placed face downward on the pad. After a short period the imprint of the writing will be transferred to the pad. About one hundred copies may be made by placing blank paper over the tracings on the pad and gently rubbing, thus transferring the impression.

An Even Score.

Dining with his bride at a continental hotel, a young Englishman was angered to find on his bill a charge of 10 francs for fruit. Calling the manager he protested the item.

"Ah," replied that worthy, pointing to a large dish of fruit upon the table, "but the fruit is there. It is not my fault that you did not eat it."

The Englishman said no more, but on paying the bill he counted out but 10 francs, and seeing the look of inquiry on the manager's face, he remarked, calmly, "That is for kissing my wife."

"Kissing your wife?" exclaimed the other, aghast. "But I have not kissed your wife."

"No," said the Englishman, "but she was there, wasn't she? It is not my fault if you did not want to kiss her."

Pulling Teeth.

Owen McCarthy, a recent arrival from the Emerald Isle, had spent a torturing day with a toothache. And after he had finished his work, toward evening, he beat his way to the nearest dentist and impatiently inquired of the extractor of molars:

"How much does yez charge for pullin' out wan tooth?"

"Fifty cents; seventy-five cents with gas."

"Seventy-five cents with gas?" gasped Owen. "Redad, thin, I'll come round agin early in the mornin' when it's daylight." — Everybody's Magazine.

Quiz Mabel Normand's Housekeeper

Mrs. Edith Burns

Mrs. Edith Burns, former companion and housekeeper for Mabel Normand, movie actress, has been questioned again by the police in their investigation into the shooting of Courtland S. Dines in his Los Angeles home by Horace A. Greer, Miss Normand's chauffeur. There were wide discrepancies in the story she told and the one Greer told as to how he obtained Miss Normand's automatic pistol, with which the shooting was done.

REVIEW ACTIVITIES OF FARM BUREAU

No Nominations From The Floor At Annual Meeting In Lisbon.

The annual meeting of the Columbiana County Farm Bureau convened in the Lisbon opera house at 10 a. m. Wednesday. The crowd was small, due to the icy condition of all highways leading into Lisbon.

President Clark J. Halverson of near Leetonia gave a brief review of the activities in this county during the past year and outlined some features which the bureau proposes to follow during the new year.

There were no nominations made for officers on the floor of the meeting, and the report of the committee as announced three weeks was waiting for the printing of the ballots.

Reports of township farm bureaus were read. Chairman of some townships were unable to get to Lisbon because of the condition of the highways.

COMMUNITY WORK

Continued from first page for the excellent work of the last year, announced that the new World War Memorial building, in which all civic activities will be held, will be completed in about 90 days.

Miss Holderman's Report. Almost a dozen organizations used the Community House during the year as a meeting place, the annual report of Miss Mary Holderman reveals. Most of the activities of the Boy and Girl Scouts occurred at the house, and several organizations were formed among the scouts, such as Girl Scout nursing and sewing classes. The Girl Scouts under the direction of Miss Holderman performed many notable duties throughout the year, the director states.

One of the most successful features of the community work was the story telling hour at the Carnegie library every Saturday morning. Over 100 children were interested. The director also had charge of the story hour at the summer vacation school at the Christian church.

Original posters and exhibits were made during the national Home Play week in April. Volley balls were given as prizes in the very successful contest. A playground pageant in August was very successful over \$50 being cleared.

In the summer months two playgrounds were supervised, one at McKinley ave. school and the other at the Community House. In July the

total attendance was 2337, showing the popularity of the playgrounds. Drama readings, story telling and other work were given in the afternoons with the mornings devoted to play. Handwork made quite a hit with the girls, the director says. The total summer attendance at playgrounds and summer school was 6067.

The work of the very successful drama institute during October, the staging of a play during National Book week in November, and the organization of a story tellers club in charge of High School girls were other important activities under Miss Holderman's whole or part direction.

Snowstorm Is Blamed For Fatal Accidents

Chicago, Jan. 16.—Two men were injured in a train wreck here, another was killed by an elevated train in Cicero, Ill., and a fourth suffered probably fatal injuries when he was run down by another elevated train at Park—all as the result of the blinding snowstorm which struck this section early today as a forerunner of the wintry blasts enroute from the northwest.

Wealthy Man Charged With Murder For Stiff Joints

L. E. Griffith Ruth Hunter

Louis E. Griffith, president of the United Machine and Manufacturing Co., Canton, is held in \$25,000 bail on the charge that he abducted and killed Ruth Hunter, 18, with chloroform. Her body was found on a lonely road near Canton. Griffith denies the charge.

OBITUARY

Charles P. James
After an illness of about nine months, Charles P. James, 69, died of a complication of diseases at 7 p. m. Tuesday at the home his son, Harry C. James, 368 East High st., with whom he made his home.

Mr. James, who came to Salem about four years ago, spent practically all his life at Knightstown, Ind. He was a member of the Christian church and Odd Fellows there and was affiliated with the Maccabees of this city.

Surviving is one son, Harry C. James, and three brothers and one sister, George, Walter, Wm. James, and Mrs. John Copeland, Knightstown, Ind.

Funeral Notice

The funeral for Miss Margaret Price, 20, Leetonia, who died at 8 a. m. Tuesday at the Central Clinic hospital, will be held at 10 a. m. Friday at the Midway Mennonite church. The body was taken from the hospital to the Fry funeral parlors, Columbiana, and from there will be taken to the home of a brother, Jasper Price, North Lima.

Surviving are one sister, Mrs. A. Martin of Canfield, and four brothers, Elmer, of Leetonia, with whom the deceased resided; Jasper, of North Lima; Clifford, of Petersburg; and DeWitt of Lima.

Mrs. Moses Stephens

Friends here have been advised of the death of Mrs. Moses Stephens, who occurred Jan. 5, at her home in Deland, Fla.

Mrs. Stephens will be remembered by the older residents here, owing to the fact that her husband was superintendent of the schools here in the 70's. She is survived by two sons and one daughter.

ONE FRIEND TELLS ANOTHER

The fame of a successful remedy is often spread far and wide by women telling one another of its merits, as is evidenced by a letter written by Mrs. Delbert Bush, of Masent, N. Y.

She writes: "I was in such a bad condition I could hardly walk, a friend who had taken Lydia E. Pinkham's Vegetable Compound with excellent results advised me to try it. It has given me back my health and I cannot praise it enough." There are women everywhere who have been benefited by Lydia E. Pinkham's Vegetable Compound and gladly tell their friends and neighbors about it.

Quick Relief for Stomach Trouble

Money Back If Dr. Jackson's Digestive and Liver Powder Doesn't Do It—Free Sample Sent on Request

Dr. Jackson's ripe experience taught him the superiority of powerful over tablets, capsules and pills. The stomach does not have to digest a powder. When it reaches that organ immediate action is possible. The swift work of Dr. Jackson's Digestive and Liver Powder proves this. In cases of acute indigestion it usually brings immediate relief. Ordinary evils of indigestion—sour and gassy stomach, heartburn, bloating—are usually banished by the very first dose. At most drug stores, 60c and \$1.00. If not satisfied with results after using the first box your money will be cheerfully refunded. Send for free sample. The Jackson Medicine Company, Zanesville, Ohio.

M'ADOO LOSES IN CONVENTION SITE

Underwood And Smith Are Jubilant Over Choice Of Democrats.

Washington, Jan. 16.—Having broken a precedent of more than half a century by sending the national convention to New York, the lair of the Tammany Tiger, the Democratic national committee found itself today in the throes of a heated discussion as to whether its action did or did not constitute an "anti-McAdoo" victory. There were plenty of claimants on both sides of the question.

Had the McAdoo forces in the committee hung together they were numerically powerful enough to have thrown the convention to any of the four cities in the bidding. But there was a division. While a big majority of the McAdoo strength staunchly opposed New York on the ground "it was enemy territory" a handful of his warmest supporters voted steadily for New York, and declared they welcomed the prospect of fighting the 1924 battle on Tammany's home grounds.

The friends of Oscar Underwood and Gov. A. Smith, of New York, were openly jubilant today over the selection of New York. They of course, unhesitatingly proclaimed the result of an anti-McAdoo victory and described it as "first blood" in the fight that a powerful coalition will make against the nomination of the ex-secretary of the treasury.

Turned down again? Reason—only one arm. He finds it difficult to get a job because industrial efficiency demands that there be a complete man at every machine. Yet the successful applicant is frequently much less fitted for his work than the one-armed man, for employment managers are hiring "one-eyed" workers without knowing it. In America there are twenty-five million people who don't realize that they need glasses. Call them "one-eyed," for two eyes which do not see properly may be of no more use than one.

If you are an employer have your employees' eyes examined without delay.

If you are an employee and your employer has not done this have your eyes examined at once.

CITY EXTENSIONS RECOMMENDED BY C. C. COMMITTEE

Continued from First page

Answer Objections
To the committee answers that the extension will only be on paved streets, that some of the sections already have water mains, that electric lines can easily be extended where there are none, that sidewalks in many parts of the city are not improved so new sidewalks would not necessarily have to be built immediately in the extended sections, and that fire protection is rendered now in those sections.

R. B. Thompson states that he is not in favor of the extension "unless some definite provision could be made for constructing a new school building in Salem large enough to take care of all school children in Perry township."

In a letter to the committee J. S. Thompson, superintendent of the Salem Public Schools, clears up the school matter as suggested by Mr. Thompson in the following statement:

"We believe the schools would be benefited by such a change. It would bring into the school district considerable valuable property on which the school tax would be charged, and while we charge the townships almost as much as it costs to school the children who come from outside, yet we are not getting the amount of tax received from the property which would be taken into the corporation would exceed the amount of tuition which these townships pay to educate their children."

"Since most of the children in these districts which would probably be taken in are already being educated in the Salem schools it would make very little increase in our enrollment."

"I believe that since this territory receives all the advantages of the city it ought to also receive the benefits derived from becoming a part of the city."

Road Improvements
Thompson on another phase, argues that he is not in favor of the extension unless definite provision could be made for "taking care of all the improvement of the Perry township dirt roads leading into Salem."

The committee's answer to that argument is that the township now receives approximately 400 per cent more money in comparison to the city for road improvement, and that the township has but seven miles to improve with this money, the state paying the amount on the other roads, while the city has 23 miles or more to care for.

This would mean, Chairman Peters states, that the township could well take care of its roads as it would receive the same proportion as now.

The recommendation made by the chamber's committee will be brought before council, as Miss Helen Chancellor, secretary, will prepare the resolutions, and send them to the city so on.

Any action of council in regard to the city's extension would be referred to the county commissioners for their final judgment on the matter.

That the city "needs immediately" the improvement of High st. was the opinion voiced by the committee in recommending that council consider the petition of the residents of the street. This street it was pointed out, by the committee would aid the traffic on Main st. that will come as soon as the weather is warmer.

Several members of the municipal committee stated that they thought that part of the improvement emanated from Main st. all day long at least to help eliminate part of the congestion.

Fair Grounds Hall Sought For Games

Indoor baseball and basketball may now be played in the new Fair Grounds building on the fair grounds. A meeting of the county fair board last Saturday George W. Bradbury submitted a proposition to the board to lease the building for a term of months annually for a term of years, which the board accepted.

The building will seat 600 or more people and that it can be easily heated in winter season for such purposes.

Teneriffe, Canary Islands—Three air planes were trying to fly to Cape Jubi while trying to fly to the Canary Islands. One was damaged.

GRANDMA USED SAGE TEA TO DARKEN HAIR

Common garden sage brewed into a heavy tea with soda, and then turn gray, streaked and faded hair beautifully dark and lustrous. A few applications will prove a revelation if your hair is fading, streaked, or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Simple, Inexpensive Burial Request Of Salem Man

(Continued from first page)
I would have my Brother Odd follow take charge. Aside from this let the ceremonies be that usually chosen by the Society of Friends. If any one object should be moved to say a word, perfect freedom to do so must be granted, even though such might be one who had a personal unatoned by me. Let it be known that I desire reconciliation for all the wrongs committed to others.

Third
It is a chosen theory with me that final leave of the "house of clay" be where services are held, and then given over to the undertaker and deposited, or cremated as may be preferred. This method is sound and sensible because it will eliminate the expense of transportation and in severe weather might save sickness, center bills and death from needless exposure.

Fourth
It is unnecessary for me to state the sad fact that under our present system of doing things, especially our prevailing custom at funerals, a poor man cannot afford to have a funeral in his family. We all know this is true. Therefore, it is my hope that the precedent which is here set forth may be taken up and adopted by many others and ultimately spread everywhere. It would save millions of needless expenses to the mass of the human family.

Fifth
In the event of my "passing" before coming to the office as Justice of the Peace, I would name Attorney John E. Rogers and Constable Walter Davidson as co-trustees to see that my wishes and records check them up and make report, showing all unsettled liabilities etc., and I name my son Herbert T. Bonsall, as the person authorized to sign my name to check on the

First National Bank to any necessary amount to the extent of my balance in said bank, for the liquidation of such liabilities, and to mail copy of said report to my bondsmen. The National Surety Company of Columbus, Ohio. Also that Herbert T. Bonsall shall take possession of all private books, furniture and other personal property in my office.

Sixth
In the event of my surviving any of the friends who have been named to perform stated act, I reserve the privilege of later naming their successors for such service.

Seventh
To the end that this document may be recognized by the courts, as a legal one, in so far as my official affairs are concerned, I sign the same in the presence of two witnesses, and have it served by a notary public and copy delivered to the county recorder.

CHARLES BONSALE, STATE OF OHIO, ss. COUNTY OF COLUMBIANA

Personally appeared before me a Notary Public in and for said county and state, Charles Bonsale, who solemnly affirmed that the foregoing is a message to all men and women and is given as his desire and of his free will.

Subscribed in my presence this 14th day of January, A. D. 1924.

JOHN E. ROGERS, Notary Public.

COURT NEWS

Real Estate Changes
The old Colonial hotel property at Broadway and the Cleveland & Pitts-

burg railroad East Liverpool has been sold by the Pottery Building & Savings Co. of East Liverpool to Frank E. Grosshans and George A. Anderson. The property is to be converted into a garage on the first floor and the upper floors are to be used for warehouse purposes.

Henry Dimmerling, formerly of St. Clair township, has purchased two lots in the Riverview Land company's addition, East Liverpool for a consideration of \$1,800.

Naomi Kitching et al. has sold to Daniel F. Nellis of East Liverpool lot No. 59 in the John Nicholson addition, Wellsville.

Six acres of land in Section 22, Salem township, have been sold by Warren Charlton to F. F. Mix for a consideration of \$1,500.

Warren M. Evans has sold 35.41 acres of land in Salem township to Lewis P. Metzger of Salem for \$1,122.22 and in turn the parcel has been sold by the buyer to George W. Baker for like amount, according to two deeds just recorded.

Cases Dismissed
With the return of Judge James G.

Moore to the bench Monday, following confinement in his home on Washington st. on account of suffering from a severe cold a number of actions were wiped from the docket during a brief session of court.

On motion of the plaintiff, the action for divorce filed by Mary E. Kopp against her husband Frederick W. Kopp was dismissed on motion of the plaintiff, upon payment of costs. "Settled out of court" reads the record in the action filed by Anna Schilling of East Liverpool against the Standard Oil Co.

John Kerr of Wellsville gave a bond of \$200 as trustee to collect rents and care for property in the case of George Varnish against Thomas R. Jones of Wellsville. Final disposition of this action will be taken by the court later.

The Meter is a Measure

—an accurate measuring instrument Scales measure weight. A yard stick measures length and breadth. The electric meter measures and registers the amount of current consumed.

Of course you control, absolutely, this meter registration, just as you control the amount of coal burned in your furnace or the number of gallons of gasoline supplied to your car. You can be thrifty or extravagant in the use of any commodity.

The electric wires carrying current to your lights and appliances pass through the meter and only the current actually consumed can possibly be registered. Meters are even more accurate than watches.

Your bill, then, is just a simple multiplication of the meter registration by the unit price and you can READ YOUR OWN METER! Check up on your bills.

Drop into our office and get a folder giving simple directions for meter reading. Begin this month to read your own meter.
